Pienryhmätehtävät 15.3. 2/2

4. Watch [this video](#) about the history of Finland and Finnish society (before your meeting!) and discuss the themes of the video with your small group.

You can share your thoughts freely but below are some questions to inspire the conversation.

1. Finland has changed a lot in the past 100 years. What has taken place in Finland and what decisions have been made so that Finland can today be called a modern welfare state?
2. People's lives have also changed a lot in Finland. How is this change reflected in people's everyday lives? How about in their education? How has work changed?
3. What were the most important events in Finnish history in the 20th and 21st centuries? How have these events changed Finnish society?
4. What similarities and differences can you see in the historical development of the history of Finland and your home country?

EXTRA: Opiskele lisää historiaa! If you want to know more about the history of Finland, you can watch for example this short video (later) <https://www.youtube.com/watch?v=m0SykybyJbU>

About learning a language

Receptive skills: what you read or listen to – “uncontrollable”, often more than you can fully understand

Productive skills: what you write or speak – often simpler and more focused especially in learning situations

Immerse yourself in Finnish:

- Listen to Finnish music
- See tv-series (with subtitles, e.g. funny comedy Luottomies / Wingman in YLE Areena)
- Find social media accounts in Finnish (e.g. Uusikielemme on Instagram is very good)
- What are **you** interested in? Find something related to that in Finnish – e.g. a hobby!
- Switch the language of your phone and laptop to Finnish
- Take LOTS of pictures of advertisements and texts you see in Finnish
- Post-it your apartment with words
- Think of learning as a game: ‘collect them all’ 😊
- Speak and write Finnish whenever possible and don’t be afraid of mixing languages or asking for meanings!
- Strategies when e.g. reading: try to understand the main idea, create a mindmap / list of most important words, translate, **guess the meaning of words based on the context**
