# Pienryhmätehtävät: ke 22.3.2023

1. Language learning strategies. Last week you picked an idea from the list for the whole group to try out over the week.
  - How did it work for you? Share your experiences in the small group meeting.
  - If you agree that it has been beneficial to choose a strategy to try for a week, go ahead and select the next one to try over the next week! ☺
2. Practice questions. Take turns asking questions: <https://wordwall.net/resource/54199732>
3. Practice the dialogues (“tehtävä 1A” ja “tehtävä 1B”), see the next slides.
4. Write a Whatsapp dialogue in which you are suggesting a meeting to your group. Suggest what you do, when and at what time. Use the phrases from this week's class. Include a discussion about the opening times (e.g. “Onko se auki perjantaina?”). Create the dialogue as if you were writing it on Whatsapp! :) Write your dialogue in Padlet (Aalto):

# About learning a language

**Receptive skills:** what you read or listen to – “uncontrollable”, often more than you can fully understand

**Productive skills:** what you write or speak – often simpler and more focused especially in learning situations

**Immerse yourself in Finnish:**

- Listen to Finnish music
- See tv-series (with subtitles, e.g. funny comedy Luottomies / Wingman in YLE Areena)
- Find social media accounts in Finnish (e.g. Uusikielemme on Instagram is very good)
- What are **you** interested in? Find something related to that in Finnish – e.g. a hobby!
- Switch the language of your phone and laptop to Finnish
- Take LOTS of pictures of advertisements and texts you see in Finnish
- Post-it your apartment with words
- Think of learning as a game: ‘collect them all’ 😊
- Speak and write Finnish whenever possible and don’t be afraid of mixing languages or asking for meanings!
- Strategies when e.g. reading: try to understand the main idea, create a mindmap / list of most important words, translate, **guess the meaning of words based on the context**
